## ABOUT US

Horticulturalists Judy, John, and Brenda welcome you to their gardens and are on site to assist you with your gardening needs and answer your questions. We love sharing our gardens with you! Please join us often throughout the spring, summer, and fall gardening season.

John Close, BSc Agriculture, is our “dirt and fert.” (fertilizer) go to guy and our head grower. John is available to share his sustainable gardening and integrated pest management knowledge with you. Also known as “Farmer John”, he can help you find seeds, starter plants for your garden and produce from our fields for you to enjoy.

Judy Larkin is our “Queen of Daylilies”. Earthbound features Ontario grown and Canadian hybridized daylilies for purchase on site. Daylily display beds and gardens are at their peak in July. Native plants and wildflowers, and Earthbound’s “Don’t Dig It” campaign are also her obsession —ask her about her Wildflower Weddings.

Brenda Sutherland has a passion for lilies, and small flowering trees and shrubs including hardy own-root roses adapted for our Canadian winters. Always up for a new landscaping challenge, Brenda is available to help you refresh your current garden or design and install that new garden you’ve been dreaming about (and pinning on Pinterest!)

## WE ARE ...

- the place where you’ll find a large selection of high quality plants, seeds shrubs and trees
- A place that answers your gardening questions—bug problem? Plant not doing well? What IS this plant anyway? We love trying to identify “mysteries” in zip-lock bags!
- A place that educates, supplies and encourages sustainable gardening practice, living soil, a balanced ecosystem, xeriscaping.
- A creative space for photographers, painters, writers, musicians and artisans.
- A place that is family friendly and welcoming to all ages. There are frogs, bugs, butterflies and birds waiting to be counted.
- A peaceful oasis. Bring a book, a picnic, listen to the birds and the wind in the grasses, ...or just sit.

## FALCONRY DEMONSTRATION

### Weekend of July 7th and 8th.

Falconer Bryton Taylor will be on site with some of his birds of prey. Please check our website for more information.

## Gift Shops and Front Porch Bistro

Looking for something to add a bit of whimsy to your garden? Grandmas, grandpas, moms, dads and kids too. Come to our giftshop there’s so much for you! Wee fairies and gnomes, small benches and trees; we have little somethings to make what you please!

Sit and enjoy a fresh coffee or iced tea and treats from local bakers.

## SUNDAY CONCERT 2:00-4:pm
